YOUR NET WORTH

$832,000

TO RETIRE BY 60 YOU NEED

$5,400,000

CASH ON HAND

$131,000

Cash Flow

33%

Your gross **base and bonus** this year are estimated to be **$263,500** and you have **$75,500 worth of RSUs** vesting this year. That brings you **total compensation for 2025 to $339,000**.

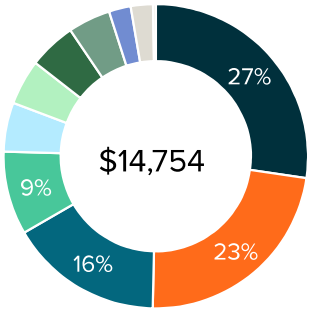
Based on the spending and savings plan we created, **you need to earn $337,000 gross** to live your lives and continue maxing out your 401(k)s including an increase in Mega Backdoor Roth 401(k)s contribution.

TO-DO

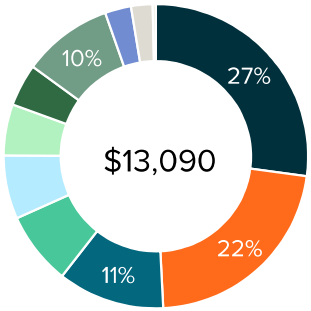
- [ ] Target personal spending of $12,500 per month
- [ ] As your RSUs vest, sell shares and use the proceeds for your travel and entertainment budget
- [ ] Reduce spending on Shopping, Food, and other miscellaneous items to free up funds to travel and invest

Monthl

Target **$12,519** in monthly spending to meet your goals.



Current



Suggested

CATEGORY	CURRENT	SUGGESTED	DIFFERENCE
Home Expenses	$4,028	$3,546	-$482
Food	$3,396	$2,900	-$496

What you need to earn to cover your expenses and fund each of your goals.

Scenario
Scenario 1

Purpose Based Savings & Investing

0%

Right now, your top priorities are maintaining a sufficient emergency fund, keeping enough cash on hand to fund your projected deficit, finishing your home renovations, saving for Charlotte college, and planning for an early retirement.

To fully retire when Taylor is 62 and Sarah is 60 you would need $1,200,000 today. You have **$131,000 of cash on hand** and another **$152,000** earmarked **for retirement**.

Your current paychecks and bonus should be enough to cover your $12,500 regular monthly expenses and you're contributing $47,000 to your 401(k) annually.

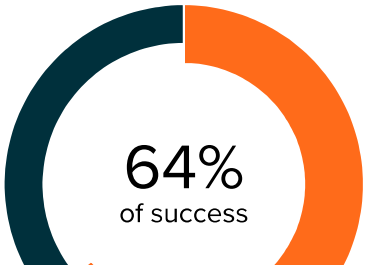
With your new spending and savings plan you would be **increasing your annual contribution to $90,000** to make sure you're on track to hit your retirement goals

TO-DO

- [ ] Contribute $43,000 to max out Taylor's Mega Backdoor Roth 401(k) this year
- [ ] Increase your combined annual contributions to $90,000 in 2026
- [ ] Buy $37,500 of Fidelity® Municipal Money Market Fund (FTEXX) as your emergency fund
- [ ] As your CDs, treasuries, and I Bonds come due, move the proceeds to the money market given your tax bracket

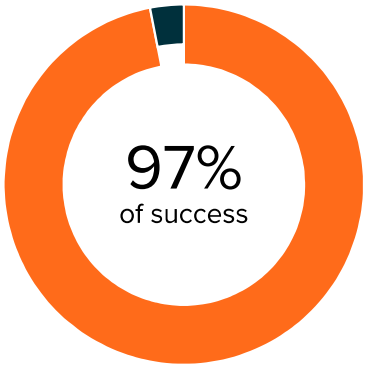
Retirement success at current savings rate

You currently save **$47,000** a year towards retirement.



Retirement success at suggested savings rate

You should save **$90,000** to increase your chances to hit your retirement goals



Retirement Planning

The vast majority of **your retirement assets are pre-tax with very little Roth exposure.**

The aggregate portfolio is **79% stocks and 21% bonds/cash**. Of the stocks, 74% are US stocks and 26% are international stocks.

Consider reducing the risk in your current holdings, while continuing to invest your new contributions into the stock market.

Target a 70% equity, 30% bond allocation for your current balances.

TO-DO

- [ ] Consolidate your Charles Schwab Rollover IRA x3172 into your Charles Schwab SEP

- [ ] Rollover your Fidelity 401(k) and Defined Contribution plans into your current 401(k).
- [ ] Set new contributions to 40% S&P 500, 30% Bond Index, 20% Equity ex-US Index, 10% Mid Cap Index Fund

Retirement progress

$152.2K — $5.4M

2025 — 2052

Taxable Investment Recommendations

0%

Your aggregate portfolio is **73% stocks and 27% bonds/cash**.

Of the stocks, 89% are US stocks and only 11% are international stocks and 30% of your taxable portfolio is invested in HubSpot stock, **creating an overweight to mid cap US stocks**. However, **HubSpot is less than 5% of your total net worth**, so no need to diversify just yet.

The recommendations below will **result in ~ $6,300 of capital losses** which will help to **offset capital gains or up to $787** in ordinary income taxes.

BUY

- [ ] $6,000 of Vanguard Total International Stock Fund
- [ ] $15,000 into Vanguard Small Cap Index Fund

SELL

- [ ] Sell

- [ ] Sell 100% of VBILX in Vanguard

Total portfolio

Type

Stock	73%	92%	$21,000
Bond	21%	8%	-$21,000
Other	0%	0%	$0

Home Affordability

50%

A lender will lend you anywhere from **$6,100 - $7,000** per month based on your income of $263,500 (28% - 32% of your income).

However, based on your lifestyle and other goals **you should keep principal, interest, taxes, and insurance (PITI) monthly payments <$3,500** in order to stay on track for retirement and live your life today.

Assuming a **mortgage rate of 6.54%** and a **down payment of $130,000** you should **target a mortgage of $520,000** which is **equivalent to a $650,000** home unless you want to put down more than 20%.

TO-DO

- [ ] Set aside $19,000 of cash to start saving for a down payment
- [ ] Look to lower your rental costs to align with a monthly housing budget of $3,500

Down payment progress

$19K

$130K

20% Down

Education Savings

0%

You can claim a state income tax deduction of up to **$2,000 per year for taxpayers**, but there is **no carryforward** for contributions above the tax deduction's annual limit.

Consider setting up a trust if you want to set aside additional funds beyond the 529 plan, and if you want to remove these assets from your estate.

You should aim to fund **80% of Charlotte's expected tuition cost for public school**.

TO-DO

- [ ] Open a 529 plan via Fidelity and make a one time $75,000 deposit from your excess cash
- [ ] Set future allocation to 75% Total Market Index and 25% International Index
- [ ] Starting Jan. 2026, make at least $2,000 annual deposits from your excess cash flow

Public	$40,000	$418,349	$1,896 / $158

Trust & Estate

25%

As parents and homeowners, you need a cohesive estate plan to protect your family and your assets.

However, it is not enough to simply have the documents created. You also need to **ensure all of your assets are properly titled** with appropriate **beneficiary designations** to ensure your documents function properly.

TO-DO

- [ ] Get your estate documents notartized
- [ ] Designate beneficiaries for each account on the net worth tab in your financial model
- [ ] Add your newly created trust as Transfer on Death (TOD) in your investment accounts
- [ ] Make each other the primary and the trust the contingent beneficiary for retirement accounts and life insurance policies
